Stellar Trail is a fantasy action RPG from the developers of the hit Japanese RPG, FINAL FANTASY, but this time using real-time strategy gameplay. Over the course of seven thousand years, mankind's fate has been determined by the three races of the Elden Ring Activation Code. After many battles, the three great races fought, and in that fight the crown was stolen by the evil race of the Cursors.

The Cursors have been marching on the world, and the great heroes of the past departed on a decisive journey in order to defeat them. You are the last surviving descendant of that hero party. You must travel across the lands that once were peaceful, and overcome an overwhelming number of obstacles and events that will present themselves before you. The action-RPG genre of FINAL FANTASY returns to the west with the final installment of the series, FINAL FANTASY XV. © 2016 SQUARE ENIX CO., LTD. All Rights Reserved. © 2016 R.M.N.
